MEMORANDUM FOR: Chief, Forces Division, ORR

ATTENTION: [REDACTED] Defensive Missiles Systems Branch

25X1A

THROUGH: Chief, Requirements Branch, Reconnaissance Group, CGS

FROM: Chief, Photo Intelligence Division, CIA

SUBJECT: Johvi Radar Site, USSR

REFERENCES: (a) Requirement C-RR-4-81,960
(b) CIA/PID Project C 1715-64

1. This memorandum is in response to your requirement dated 30 October 1964 which requests the exact location of the Johvi Airfield; its relation to the H-type site, analysis of attache photography and a photographic enlargement of the Johvi area.

25X1D

2. KEYHOLE [REDACTED] provided the latest and best quality photographic coverage of the Johvi area (59-22-05N 27-21-35E). Examination of the area reported as Johvi Airfield failed to reveal any airfield at this location. Detailed analysis of [REDACTED] could not confirm the presence of FLATFACE radars. Haze and the poor quality of the photographs precluded positive identification of electronic equipment.

25X1A

3. The photo analyst on this project is [REDACTED] who may be contacted on extension 2079 should you have any further questions concerning this project.

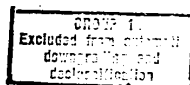

4. This project is considered to be [REDACTED]

Enclosure:

One (1) annotated print of
Johvi Area, USSR
(CIA/PID/MEB-P-1019/64)
